# Pacific Shores Recycle Guidelines
June, 2019

Aloha to owners, residents and guests of Pacific Shores. Some of you may have seen we now have a 2 yard cardboard recycle bin at each of the Refuse locations on the property.   These are emptied weekly by Maui Disposal. Please advise your guests and renters of the following Guidelines.   If we contaminate the bins we get charged $107.00 per ton and the whole bin is taken to the landfill. Your help in keeping Maui Green is greatly appreciated.

Things to Recycle to Cardboard bin

Only Corrugated boxes flattened only.

Amazon boxes, heavy cardboard boxes. That's it.

Things not to Recycle

Non-Acceptable Items

Styrofoam Coffee Cups   Food Packaging & Wrappers   Tissue Products

magazines -paper bags- newspapers - beer/soda cases - cereal boxes

egg cartons - food - plastic –wet, or plastic covered cardboard

The above items go in the regular trash bin

Here are the guidelines for the other 4 Bins

<u>Victor</u> continues to manage the recycles for Aluminum cans, plastic water bottles and glass at Pacific Shores. We have discontinued paper, newspaper, brown bags, magazines recycle bin. We had found that this bin always contaminated and contents to landfill. If it gets slightly wet or food contamination the whole bin is trash. You can personally recycle paper products at the Kihei recycle center.

<u>Other Plastic Bin:</u>
Please recycle any plastic bottle or jug, any size any color with a neck or handle. (Rinse dry and no lids)
<u>Do not recycle</u> plastic bags, shrink wrap, food trays Styrofoam, foam rubber, toys, wax milk cartons.

<u>Plastic Bottles</u>

Plastic water bottles (rinse clean and discard lids no food.)

<u>Aluminum Cans</u>

Beverage cans (beer and beverage) empty and no food residue.
<u>Do not recycle:</u>
Aerosol or paint cans, food residue

<u>Glass</u>
Glass beer bottles and jars of all sizes (Rinse clean and discard all lids labels are ok)
<u>Do not recycle:</u>
Contaminated with food, Pyrex or window glass
